### **Project Objectives:**

- To teach underprivileged student and provide basic education needed.
- Learn how Bharti sangrahita NGO works.

### **Methodology:**

- First hand data collected through conversation I had with children and their parents and performing activates given by the NGO

**Project Description:**

At, Bharti Sangrahitra I am working as a social media marketing intern. Bharti Sangrahitra Shiksha Vikas Sansthan has been working since 2011 to educate needy children by charging Rs. 1 monthly fees, thus helping them in improving their standard of living. Now synonym of the Bharti Sangrahitra is 'Education in one rupee'. We have taken the responsibility of the children's education, girl child education, literacy of working youth, skill development, and employment.

So my work was to promote their pages and get engagement as much as I can and I also did individual work for six weeks and educate children near my house and I tried to educate them English alphabets and basic manners.

**Individual Student Engagement & Commitment**

1.	Nakul Puri	40	It was a great experience and I come to know that children are always willing to learn but there are less resources and after interacting with them they also motivated me to be a better person.	In future I will try my best to stay connected with these children and try to help them if they are in need.	

**Group learnings from the Course:**
